

THE CARLIGHT OWNERS' CLUB

The Carlight Owners' Club was formed in 1962. It is a national organisation, so some Members tow long distances to rallies. We have one rally at the beginning of the caravanning season in May and a second in September; one in the northern half of the country, the other in the south.

Caribbean

The club now has a website at www.Carlightownersclub.co.uk with a wealth of information and a register section where members can display a photograph of their caravan.

The majority of vans within the club are the two berth Commander 152s. A fair number of members own pre 1980 'classic' models including the Continental, Caribbean, Cosmopolitan and Casetta.
